Dear Sir:

Pursuant to the requirements of 37 C.F.R. § 1.56, submitted herewith on the accompanying Information Disclosure Statement List is a listing of documents known to Applicants and/or their attorneys. In accordance with 37 C.F.R. §1.98(a)(2), copies of any cited U.S. patent or U.S. patent application publication documents are not enclosed. Copies of any cited foreign patent document and/or any non-patent publication are enclosed.

Also, pursuant to the requirements of 37 C.F.R. § 1.56, applicants now submit a list of documents known to Applicants or Applicants' attorneys. In view of the Federal Circuit Court of Appeals' decision in *McKesson Information Solutions, Inc. v. Bridge Medical Inc.*, 487 F.3d 897 (Fed. Cir. 2007), Applicants also provide a list of documents from the prosecution of foreign and U.S. patent applications.

Applicants have not included copies of cited U.S. patents or published U.S. patent applications. But, pursuant to 37 C.F.R. § 1.98(a)(2)(iv), and for the Examiner's review,

816939

Applicants have enclosed copies of documents from the prosecution of foreign and U.S. patent applications.

Regarding documents from the prosecution of foreign and U.S. patent applications, Applicants note that 37 C.F.R. § 1.98(b) does not mention, and thus does not require, that Applicants must provide any particular set of identifying information. While 37 C.F.R. § 1.98(a)(1) requires Applicants to provide a list of such documents, it does not require Applicants to include in that list specific identifying information. 37 C.F.R. § 1.98(a)(2)(iv) further requires Applicants to provide a copy of such documents (see APPENDIX A). Thus, the rules do not require that Applicants provide any particular set of information about the documents prior to the Examiner's consideration of all the cited information. Nevertheless, in order to be as helpful as possible, Applicants have provided (a) information regarding the source of the documents, and (b) a title or description of each document. The prosecution record of a foreign patent application is the source for each document. Accordingly, in the list required by 37 C.F.R. § 1.98(a)(1), Applicants have provided information about the source of each document. The information provided mirrors the requirements for cited foreign patent applications and U.S. patent applications as set forth by 37 C.F.R. § 1.98(b). For at least these reasons, Applicants respectfully request consideration of all documents submitted in the present Information Disclosure Statement. Applicants have also provided copies of Office Actions, Amendments, Responses, and other correspondence from the prosecution of the listed foreign patent applications as required by 37 C.F.R. § 1.98(a)(2)(iv). APPENDIX A lists these documents, provides identifying information, and includes a column for the Examiner's initials.
